

Clipsal 2000 Logo Guidelines

Looking to advertise your company on your custom wall plates? Alectro offers you the option of including your colour company logo on any standard or custom horizontal wall plate designs. Simply download and complete our logo template and we can include your company logo on any orders you place with us.

Step 1 - File Specifications

In order to produce a high quality reproduction of your logo, we accept the following file formats:

- EPS
- Adobe Illustrator (AI)
- Corel Draw (CDR)
- Vector files only
- All fonts outlined
- No bitmap image formats (JPG, TIF, BMP, PNG, etc)

Step 2 - Logo Template

Request a copy of our logo template by sending a blank email to logorq@alectro.com.au. Open the template and copy your logo into the specified area. This allows you to specify the exact size and position of your logo on the plate so you get exactly the result you expect.

Step 3 - Submit Logo

To submit your logo, email your completed template file to logo@alectro.com.au. Your logo will be kept on file and can be included on orders for standard or custom horizontal wall plates.
